To Whom It May Concern,

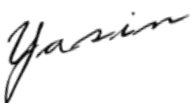

With immense pleasure, I am writing this to recommend **Ms. Salma Bibi**. I have known her in my capacity from **15th April 2025 to 15th June 2025**, and she successfully completed her internship as a **Machine Learning Engineer** at **Technocolabs Softwares**, Indore, India. During the Internship, she was found to be proactive, punctual, and inquisitive, and demonstrated a good work ethic and interpersonal skills. She carried out all the tasks that were assigned by the company, and she made sure to put in extra hours of effort and completed the work within the mentioned deadlines.

Our team grouped her up with a few other interns to complete the company's major project, and we found out that she exhibited profound team management and communication skills that helped her throughout the completion of the project. Besides this, she gained experience in numerous concepts in Machine Learning and Data Science that enhanced her existing skill set. I am impressed by her professionalism and dedication. I definitely believe that she would be an excellent fit and will bring great laurels to any university or company that she applies to in the near future.

We wish her all the very best and success in her future endeavors.
